

Jodi Kozan

VISIONARY/ COMMUNICATOR/ PEACEMAKER/MENTOR

Jodi believes that *restoration* begins in the *heart*, extends to the *family*, and seeks to engage the *world*. Outside of her many hats as a wife, mom, daughter, sister and friend; she enjoys speaking and encouraging people through her personal story and prophetic insight, while stewarding conversations that allow others to dream. Through her many mountain tops and valleys, Jodi is privileged to share her *Journey to Restoration*. With over 20 years of experience speaking as well as founding two non-profit organizations, her visionary leadership has fostered creativity and inspired unity and justice movements within her community and beyond.
